

Take one person out and these bodies stop touching

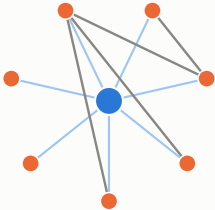

The four highest-betweenness people in the affiliation network, each with the bodies they belong to arranged around them. A grey chord joins two bodies that share a member other than this person — a tie that would outlive their removal. Most pairs have none: Zuretti's 25 bodies share no other member at all, so all 300 pairs run through him.

Gounot (André)

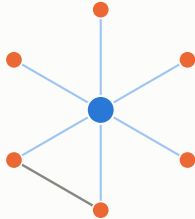

9 bodies · 8 of 36 pairs
linked without them

Duclos (Bibiano)

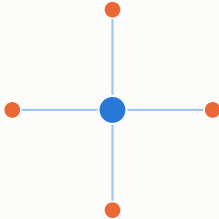

7 bodies · 4 of 21 pairs
linked without them

Barrion

6 bodies · 1 of 15 pairs
linked without them

Vendel (Georges)

4 bodies · 0 of 6 pairs
linked without them
